

# Adopt-A-Corner Park

2017

Make an investment in  
your community ~

## Adopt-A-Corner Park!

Your donation helps  
offset the cost of the  
City's flower program.

### How does the program work?

Donors select the location from the enclosed map. The City plants and maintains the corner parks. The Edmonds Floretum Garden Club assists with the planting of the 5th and Main Street corner parks. The City will mark the bed with donor information as soon as possible after payment. The tag will remain in place until early November.

### All corner parks are \$250 each, except for:

5th/Main (8 beds)	\$3,000
3rd/Main	\$125
